nimes dominant in the world, and himan logic is still powerless to over-throw it."

The logic which altempts to over-throw faith in God, pushed to its limits would undermine the foundations of morality, and justifying the vast proportion of mankind in hating life and deliberately making an end of it. But the Instituct of self-preservation is supported by the conviction that the hopeful mystery of God though of ten shrouded in clouds and darkness in infinitely preferable to the hopeless mystery of a universe without a God.
